## About the brewery

- Located in Sigmaringen on the river Danube
- Over 170 years of history
- Founder: Carl Fidelis Graf
- Started in 1845 as a small gastropub brewery to serve the town of Sigmaringen
- 6th generation of family business
- Committed to the German brewing traditions
- Regionally-grown ingredients
- Lagering: 6 weeks in cold maturation instead of the 2-4 weeks typical of commercial beer brands.

## *Green Think - Sustainable Brewery*

### Local ingredients

- Only the finest aroma and bitter hops from the South of Germany in Hallertau and Tettang on Lake of Constance
- Highest classified hops available
- No hop extract
- Highest quality expectations in terms of aroma and bouquet

### Philosophy

- In balance with nature
- Minimize the brewery's carbon foot print
- Using fresh water from the brewery's own well
- 100% reliance on energy produced by hydro-electric power for its production and bottling operations

Old Fred is brewed in loving memory of Mr. Frederick Miller, founder of the Miller Brewing Company, who studied to become a brew master in Sigmaringen, Germany. The beer is a testament to what Old Fred would have brewed in his times, using the same water source and the highest quality locally sourced raw materials. We just added a hit of new world flavor using American Cascade hops.
